- **Attorneys** access printable pharmacy cards online to give clients immediate access to prescription medications related to their accident
- **Attorneys** determine which clients should use the program
- Program is **limited** to medications typically associated with injuries; abuse is **deterred** with Drug Utilization Review controls, total charges and dates of eligibility **controlled** by attorney
- Program allows clients to obtain meds at almost any **retail pharmacy** on an attorney lien or letter of protection that you provide prior to card activation
- **Online** access to request and manage accounts for multiple clients

AccidentMeds is a new program offered by Key Health, the nationwide leader in medical care funding on a lien/letter of protection.
